

LIST OF HOST ORGANIZATIONS FOR INTERNSHIP

NO	HOST INSTITUTION	COUNTRY	DEPARTMENT	SPECIALTY/DOMAIN
1	LBPA - ENS Paris-Saclay	France	PMAB	The impact of promoter position in E. coli genome on gene expression under different growth conditons.
2	Institut fur Mikrotechnik, Sensoren, Albert-Ludwigs-Universitat Freiburg	Germany	PMAB	Biomaterials for cell culture monitoring by microsensor technology
3	Institute of Genomic Research - VAST	Vietnam	PMAB	Detection of Rb1 gene mutations in children with retinoblastoma
4	TAGC Inserm U1090	France	PMAB	Confirmation of the interaction between Spatial and Stat4
5	universite pierre et marie curie	France	PMAB	Investigation of the effect of the Manganese complex Mn1 mimicking superoxide dismutase, on the ER stress pathway in the context of inflammation
6	SupAgro - Montpellier	France	PMAB	Zinc tolerance acquisition in the A. halleri extremophile species
7	National Yang Ming University	Taiwan	PMAB	Structural and functional studies of fungal reductase and deaminase involved in riboflavin biosynthesis
8	Institute of Genomic Research	Vietnam	PMAB	CYP2C9 allelic frequencies in 6 Vietnam ethnic populations

9	National Yang Ming University	Taiwan	PMAB	Evaluation the effect of Chinese herbal medicine YQ1 plus Cisplatin-based chemotherapy to the immune cell populations of advanced-stage Non-small Cell Lung Cancer patients
10	National Yang Ming University	Taiwan	PMAB	
11	Vietnam Military Medical University	Vietnam	PMAB	The effects and mechanism of erinacines on the expression of nerve growth factor in rat cortical mixed glial culture
12	National Institute of Medicinal Materials	Vietnam	PMAB	Optimization of Multiple heat pulses PCR protocol for GC rich regions, prepare library for next generation sequencing
13	AFMB - Marseille	France	PMAB	Evaluating the effects of Bacopa Monnieri on Drosophilidae
14	Université Pierre et Marie Curie	France	PMAB	Etudes structurales des composants du système de sécrétion de type 9
15	Korea Polar Research Institute	Korea	PMAB	Protein Mimicry by Dynamic Combinatorial Chemistry
16	Korea Polar Research Institute	Korea	PMAB	Cloning and expression of heterologous protein in Pichia Pastoris
17	College of Pharmacy, Chungnam National University	Korea	PMAB	Heterologous expression of Ice binding protein of Antarctic Chloromonas sp. in Bacillus subtilis WB800N
18	Mahidol University	Thailand	PMAB	Anti-allergy Effect of Inotodiol, Lanosterol and Ergosterol from Chaga Mushroom
19	Center of DNA identification	Vietnam	PMAB	Role of NANOG in Self-renewal of Glioblastoma Stem-like Cells
20	USTH PMAB Faculty	Vietnam	PMAB	Study of visfatin promoter in liver disease patients

21	Molecules of Communication and Adaptation of Micro-organisms, MNHN	Vietnam	PMAB	Investigation of linoleoyl curcumin in cancer treatment (tentative)
22	LBPA - ENS Paris-Saclay	France	PMAB	Evaluation of the antibacterial activities of several marine samples
23	National Yang-Ming University	Taiwan	PMAB	Study of the effects of endocrine disruptors on physiology of breast tumor cells
24	USTH PMAB Faculty	Vietnam	PMAB	Testing potential drug for the treatment of Alzheimer disease (AD) using patient- derived iPS cells
25	National Yang Ming University	Taiwan	PMAB	Isolation and bioactivity evaluation of compounds from <i>Pteris vittata</i> L.
26	IHU - Méditerranée Infection	Taiwan	PMAB	Investigation of the association between fecal microbiota and the anti-tumor effects of Chinese herbs against lung cancer
27	National Yang Ming University	Taiwan	PMAB	Sex determination from buccal smear by fluorescent microscopy and MALDI-TOF
28	BioCIS - Châtenay-Malabry	Taiwan	PMAB	The molecular mechanisms of longevity effect induced by <i>Graptopetalum paraguayens</i>
29	National Yang Ming University	Taiwan	PMAB	Metal-free direct amination of phenols with azodicarboxylates
30	Mahidol University	Thailand	PMAB	Development of SHP-1 agonists for cancers
31	Istituto Zooprofilattico Sperimentale delle Venezie	Thailand	PMAB	Effect of Vitamin B3 supplementation on cardiac myosin heavy chain isoforms in ovariectomized rat

32	BPMB, Supagros	Italia	PMAB	Setting up the criteria to recognize the epidermologically related of S.Typhimurium monophasic variant 1,4,[5],12:i:- by comparing the data of MLVA and whole genome sequencing
33	Sanofi Vietnam Shareholding Co.	Vietnam	PMAB	Develop an automatic programme to analyze the effects of biotic and abiotic factors to the elongation of root hairs
34	108 Military Central Hospital	Vietnam	PMAB	Quality controlling of the culture media using in testing infection of pharmaceuticals and cosmetics and final product testing: Lactacyd according to pharmacopoeia
35	National Yang-Ming University	Vietnam	PMAB	Direct medical cost for late stage lung cancer treatment at Department A5, 108 Military Central Hospital
36	Institute of Biotech, VAST	Vietnam	PMAB	AMPK activators in the regulation of lifespan extension in C.elegans
37	Institut National de la Recherche Agronomique (INRA)	France	PMAB	Looking for characteristics of 12S gene - Mitochondria gene in patients with liver diseases - Cancer
38	Vrije Universiteit Brussel (VUB)	Belgium	PMAB	The study of Plant Defensins and defensin-like from an evolutionary perspective
39	INSA de Toulouse	France	PMAB	Study on the chemical composition and chromatography fingerprint of Camellia bugiamapensis
40	Korea Polar Research Institute	Korea	PMAB	Production of fusion proteins in yeast
41	School of Medicine & Pharmacy, Vietnam National University	Vietnam	PMAB	

42	Institut National de la Recherche Agronomique (INRA)	France	PMAB	Chemistry analyze and evaluate bioactivity of Panax bipinnatifidus Seem. on platelet function and coagulation process in vitro and in vivo
43	Mahidol University, Faculty of Science	Thailand	PMAB	Development and Plasticity of the Root System
44	Institute of Biotechnology	Vietnam	PMAB	Effect of Boesenbergia rotunda (L.) Mansf. rhizome extract on skeletal and cardiac muscle enzyme activities
45	Institute of Biotechnology	Vietnam	PMAB	meningitis pathogens (Neisseria meningitidis, Haemophilus
46	Institut National de la Recherche Agronomique (INRA)	France	PMAB	
47	Institut National de la Recherche Agronomique (INRA)	France	PMAB	Iron signalling in plant root development
48	Institut National de la Recherche Agronomique (INRA)	France	PMAB	physiological characterization of Arabidopsis thaliana mutants affected in ascorbate transport: effect on iron homeostasis
49	National Institute of Hygiene and Epidemiology	Vietnam	PMAB	Effect of multiple nitrogen supply on Arabidopsis root development and gene expression
50	Institute of biotechnology	Vietnam	PMAB	Extended Betalactamase producer (ESBLs) resistance to cephalosporin among Gramnegative bacteria
51	Museum national d'histoire naturelle	France	PMAB	
52	Korea Institute of Ocean Science and Technology	Korea	PMAB	Evaluation of antioxidant capacity of several natural compounds
53	Toxicology Laboratory-Chungnam National University	Korea	PMAB	
54	phòng sinh học thực nghiệm - viện hóa học và hợp chất thiên nhiên	Vietnam	PMAB	Interactions between Mycobacterium Abscessus and amoebas

55	Korea Institute of Ocean Science and Technology	Korea	PMAB	
56	LMI - Agriculture genetic insitute	Vietnam	PMAB	
57	Korea Research Institute of Bio-Science and Bio-Technology	Korea	PMAB	
58	Lab of Biomaterial Technology	Vietnam	PMAB	characterization of differentlly expressed genes during muscle aging
59	Mahidol University	Thailand	PMAB	Optimization thermostable amylase production using reponse surface methology
60	Institut national des sciences appliquées (INSA) de Toulouse	France	PMAB	cell cultures/ gene identification (major)
61	University of Leuven (KU Leuven)	Belgium	PMAB	Characterization of optimized feruloyl-esterases and evaluation on their potential transferuloylation
